

SIZE CHART MUST BE PRINTED AT 100% FOR ACCURACY. IT IS AN A4 PAGE.

If you do not have access to a printer, follow the directions for measuring with a ruler.

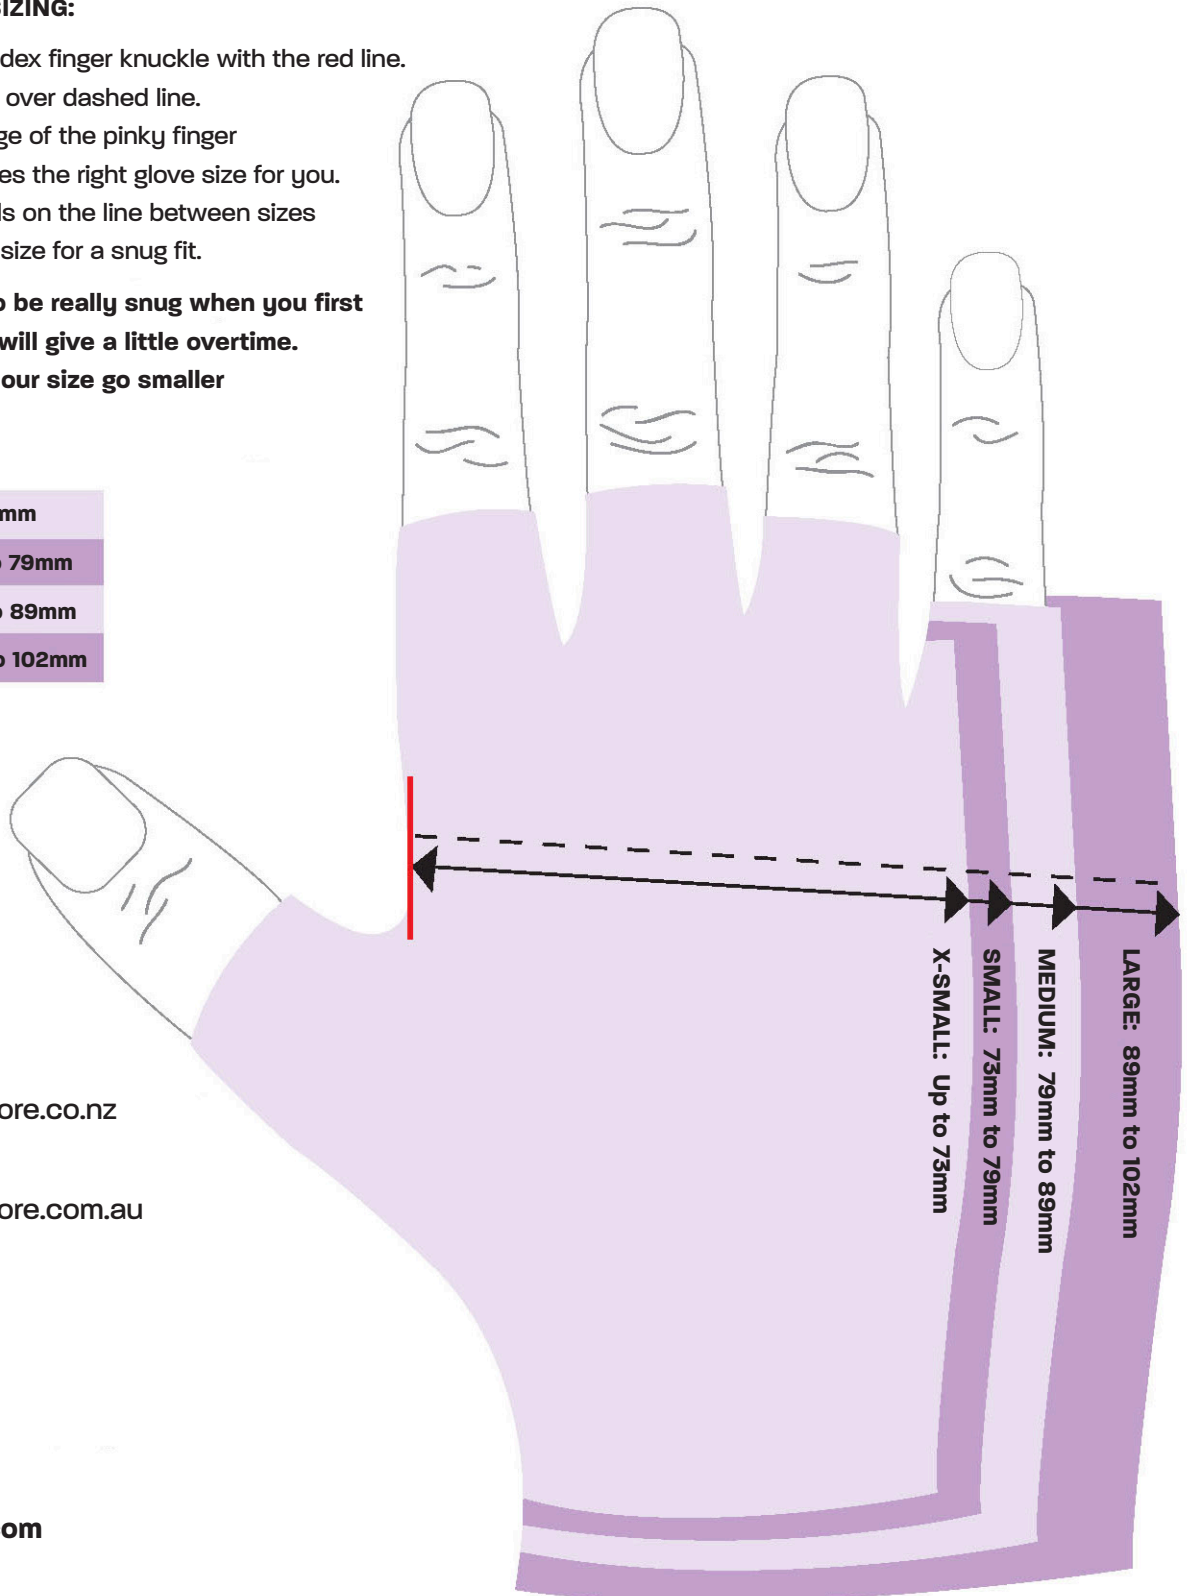

DIRECTIONS FOR SIZING:

1. Align edge of index finger knuckle with the red line.
2. Place knuckles over dashed line.
3. The outside edge of the pinky finger knuckle indicates the right glove size for you.
4. If your hand falls on the line between sizes order a smaller size for a snug fit.

The gloves need to be really snug when you first buy them as they will give a little overtime. If in doubt about your size go smaller rather than larger.
